

# Pet Sitting for Southern York County

## Pet Sitter Change

As of April 1, 2011 Diane McDonnell is no longer a regular sitter for My Pet Friends. She was able to finally locate the permanent full time job she needed. While Diane can never be replaced I have found another wonderful person to add as a sitter, Shelly Novak. I first met Shelly on April 1, 2008 when she and her husband interviewed me as a pet sitter to take care of their dogs Calvin and Shamrock. I have been their regular pet sitter ever since.

Shelly is a 20 year resident of Southern York county. Like lots of oth-

ers in the area she moved here from Baltimore for a better environment to raise her daughter and keep her peace of mind. She lives in Shrewsbury with her husband Bill, daughter Allie and dogs Calvin and Shamrock.. Shelly loves animals of all sorts although she admits she's not too crazy about snakes. "Pets do so much to enrich our lives how could anyone not like them?" Shelly has done administrative work in a nursing home and ran a day care. "It's that nurturing instinct in me that keeps me wanting to connect, to help."

I hope you will allow

Shelly to assist Wade and me with the care of your pets. As always, if you prefer that she or any of us not please let me know. I always honor sitter preferences. Shelly is available for meet and greets at your convenience if you prefer to meet her prior to coming to take care of your pets.

Since My Pet Friends has grown to keep two people busy full time it is necessary to have a third person to step in when needed. I personally have a death in the family pending and may possibly need to have surgery so foresee needing the extra help.

My goal is to take the best care of your pets while you are away. That includes you being comfortable leaving them in our care so please feel free to give me your comments and feedback. As always, we appreciate your business.

## Dates to Remember

- York SPCA Rabies and Microchip Clinic June 4th.
- Rabies clinic Shrewsbury Township building June 4th.
- York SPCA Rabies and Microchip Clinic August 13th.
- New Freedom Fest September 17th. The dog parade is my favorite!
- Dog's Day in the Park at John Rudy County Park October 1st.
- York SPCA Rabies and Microchip Clinic October 8th.

## Doggie Field Trips

Our regularly scheduled Thursday morning doggie field trips are a big success. We are going to the Dallastown dog park for lots of fun. The dogs get lots of time to play and socialize then come home completely tired.

The Dallastown dog park is the perfect place for these field trips as it is not very busy during the week and easier to control what the dogs are doing. Check out the fun they have in the pictures to the right.

Field trips are limited to 3 dogs per trip and the cost is \$20 per trip. If you are interested in trying it out just give me a call or send me an e-mail and we can give it a try.
